FOREWORD

People First. Progress Always.

“Together We Rise. No One Left Behind.”

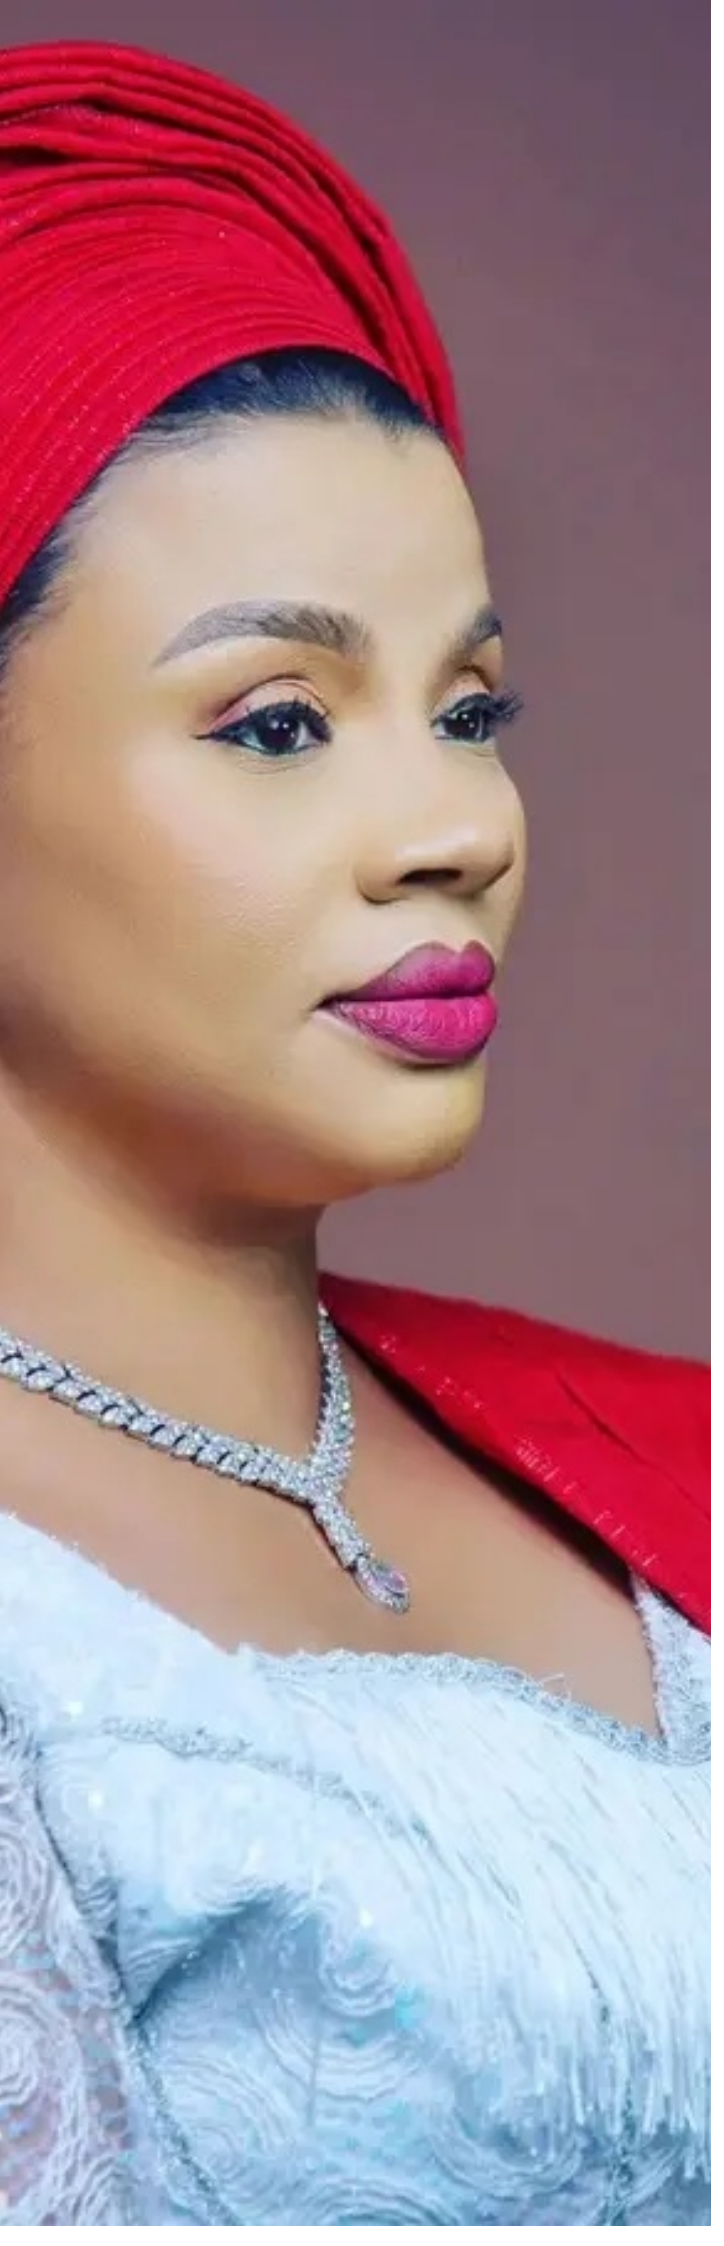

The people of Oyo South deserve more than promises. They deserve purposeful representation, people-centered legislation, economic growth, inclusion, accountability, and visible development.

My vision is to build an Oyo South where no community is left behind — where our farmers prosper, our youths are empowered, our women are represented, our elderly are protected, and our businesses thrive. This is the foundation of the **BASA CARES Agenda**.

I want to build a constituency where people feel seen, heard, valued, and supported — a society where fewer families go to bed hungry and where leadership genuinely responds to the struggles of the people.
